When depositing funds into your GFT account, please send the same currency as the base currency of your GFT account. Your bank will often convert your funds for a nominal charge.

If you must deposit or withdraw funds in a currency other than the base currency of your GFT account, GFT will convert the funds to your base currency. The conversion rate will be the current GFT Ask (Buy) rate plus a conversion premium of up to 3%. This premium covers the cost of purchasing small and uneven amounts of physical currency from other parties. Incurring this premium will reduce the net amount of funds deposited or withdrawn.

Funds Transfer Release Conversion Fees: A conversion fee of 1% will be charged on transfers between accounts with different base currencies.
